

YEAR 3 AUTUMN TERM CURRICULUM NEWS

Dear Parents/Carers,

I hope you had a relaxing and enjoyable summer break. It is lovely to see all the children back safe and well after the holidays. We have a busy term ahead to kickstart your child's first year in Key Stage 2.

This term Year 3 will be developing their skills through a topic based around the theme of 'Clash of the Titans'. The topic will have a strong history/geography/values focus but will allow opportunities to explore all other areas of the curriculum. If you have any books or resources to support our topic, or other areas of the curriculum, then please send them into school clearly labelled - thank you. A full list of subject topics and areas can be found at the end of this letter.

P.E./Games will be taught weekly on a **Monday** morning and **Thursday** afternoon. To avoid forgetting their P.E. kits I would suggest pupils bring in a full named P.E. kit (with suitable footwear) on the first day of each half term and leave it in school. Kits will be sent home at the end of each half term to be washed.

To save plastic, we would like the children to bring in their own water bottle from home. Please can the bottles be named clearly in a permanent pen. Your child will bring their bottle home each day for washing and refilling (water only please).

Each child in the class will have their own school pencil case so will not need to bring one in from home. If they wish to bring a small keyring to attach to their pencil case's zip they may do so.

Homework will be **sent home on a Friday** to be **returned to school, at the latest, by the following Tuesday**. Your support is appreciated with ensuring homework is presented neatly (as we would expect to see it presented in school), completed to the best of your child's ability and returned on time.

As I am sure you are aware, other ways in which you can support your child at home are: reading daily, practising the multiplication tables (starting with the 2, 5, and 10 tables), reinforcing the spelling of common words (lists can be found on the class webpage), assisting them with daily practice of telling the time (on analogue and digital clocks), ensuring your child know their date of birth and address and completing any additional topic research.

To save paper, please note that future Curriculum newsletters will be on the class page of the school website and are produced at the beginning of each term. If you are unable to access the website at home so wish to have a paper copy please let me know.

If there are any matters you wish to discuss about your child or the curriculum then please don't hesitate to come and talk to me. I am usually available in the classroom at the end of the day and early before the bell rings from Monday to Thursday each week. Mrs Johnson will be teaching the class on a Friday.

Thank you for your support.

Mrs Andrew

READING

Over the next few weeks each pupil in the class will undergo a reading assessment which will help to ensure your child is reading at the correct level.

Every week, pupils will be reading in school as part of the school day and as ever, we would encourage you to enjoy a book with your child at home as often as possible.

As in Year 2, some pupils will have a reading diary to record reading sessions undertaken in school and at home. Reading books and diaries will go out during the course of the next couple of weeks.

As only weekly group reading or individual reading sessions will be noted in the diaries it is important that those pupils who have them ensure they have their reading diaries and books with them in school every day. Thank you.
